# Why us?

[www.esn.org](http://www.esn.org)

# We are doing this, because

- \* Germany is one of the oldest members of ESN, yet never hosted an AGM before
- \* we want to try a new concept: a country is the host, not a section (+ a little help from our lovely French friends)
- \* the Erasmus programme is celebrating its 30th birthday!
- \* the german network can take a lot of benefit through such an event
